Corporate Capability Profile & Strategic Operations

Powering Enterprise Digital Transformation

Where Strategy Meets Technology

FOUNDED IN 2002

- RIVI Consulting Group is a strategic technology partner helping enterprise organizations achieve operational excellence.
- We are distinguished by a two-decade track record of managing, designing, and deploying mission-critical, customer-focused technology solutions.

OUR DIFFERENTIATOR

- We apply advanced Artificial Intelligence & Machine Learning to drive measurable ROI.
- By embedding AI into strategic operations, we accelerate enterprise digital modernization.
- We deliver actionable, data-driven intelligence that transforms complex business challenges into sustainable competitive advantages.

TWO DECADES OF PROVEN ENTERPRISE PERFORMANCE

2002

Year Founded, delivering continuous positive trends in sales and profits since inception.

94%

Dunn & Bradstreet open rating, reflecting a steady stream of repeat enterprise business.

541511

Primary NAICS Code (Custom Computer Programming Services).

Global

Serving a Global footprint across specialized industry verticals.

Core Capabilities & Enterprise Services
